

Attachments for Genie Forklifts

Genie Industries prides itself with the theory of lifting clients and materials higher, extending beyond the products they manufacture. A global corporation that is completely associated to their clients and enjoys reflecting the spirit of partnership with everything they accomplish. Genie Industries strives to help clientele build their operations no matter how large or small the scale of operation may be.

The introduction of the Genie Hoist in 1996, a pneumatic, transportable materials lift initiated the opening of Genie Industries. A series of aerial work platforms and additional materials lift trucks followed to meet customer demand. These modern products secured global acknowledgment and established modern product design.

Now, Genie Industries is a subsidiary of the Terex Corporation. Among their highest priorities are to assemble and maintain foremost quality construction and unbending level of support and service. With clients from Dubai to Dallas and Hong Kong to Helsinki requesting the distinctive blue coloured material forklifts on the jobsite, the company is securely planted in their exceptional customer principles and service. Acknowledging that their users are their greatest motivation, the team at Genie Industries are personally dedicated to offering expertise and maintaining customer rapport.

The reliable team is committed to greener, more environmentally sensible possibilities to advance the products that consumers want. Genie Industries focuses on "lean production" practices in order to help minimize waste while manufacturing very high quality lift trucks in the shortest time period at the lowest workable expense for the customer. The staff at Genie Industries is proud to serve the industry and this is reflected in every creation they manufacture. Always inviting consumer input enables them to design and cultivate innovative new products that are straightforward to service and use, provide optimum value-for-cost and satisfy global standards. Thriving on consumer advice allows Genie Industries to repetitively evolve and meet the consumers' requirements.
